

CORPORATE CAPABILITY STATEMENT

D.A.D Group Mining & Trading SARL

Bridging Africa's Mineral Wealth with Global Industry

1. Who We Are

D.A.D Group Mining & Trading SARL is a legally registered company (RCCM available on request) specialising in the sourcing, trading, and logistics of strategic minerals. We combine deep local knowledge of African mining with international business standards to deliver reliable, traceable, and ethical supply solutions.

Our team includes field agents, legal advisors, logistics coordinators, and technical specialists — ensuring engineering credibility and operational excellence.

Registration & compliance

- Mining permits (PE) verified with CAMI (DRC mining registry) — copies available on request
- OECD due diligence & RMI alignment
- Full export and customs documentation

2. Our Products

We supply high-grade minerals directly from our partner semi-industrial and industrial mines across our African network.

Product	Form	Typical Grade
Copper	Cathode (Grade A) or Concentrate	99.99% Cu / 20–40% Cu
Cobalt	Concentrate or Hydroxide	3–10% Co / 25–40% Co
Coltan	Concentrate	20–60% (Ta ₂ O ₅ + Nb ₂ O ₅)
Manganese	Ore or Concentrate	20–48% Mn
Gold	Bars	90–99.99% (LBMA-compliant on request)
Lithium	Spodumene / Lepidolite concentrate	4–6% Li ₂ O (up to 7% on request)

Initial trial quantities are available for copper concentrate, gold, coltan, and lithium to verify logistics and supply pipeline performance. Exact purity specs, grades, and certificate papers are provided directly upon request.

3. Logistics & Shipping

- **Route:** Mine → truck transport → strategic African ports → international sea freight.

- **Ports used:** Dar es Salaam (Tanzania), Durban (South Africa), Matadi (DRC) — others available on request.
- **Incoterms offered:** FOB, CIF, or EXW.
- **Transit time:** Varies by destination. We provide accurate door-to-door estimates upon request for your specific port of discharge (e.g. 4–6 weeks to Europe/Turkey, 6–8 weeks to Asia, 8–10 weeks to Australia or the Americas).
- **Methods:** Containerised (20-ft / 40-ft) or bulk shipping. Door-to-door options and full cargo insurance can be arranged upon request.

4. Why Trust Us?

- **Verified Legitimacy:** Legal registration (RCCM), verified mining titles, and independent laboratory analysis (SGS, Bureau Veritas or buyer's choice).
- **Risk-Reducing Mechanisms:** Flexible trial order policy. Secure payment structure (advance deposit for preparation, balance after final lab approval).
- **On-Site Inspection:** We invite your authorised representative to visit mines, meet suppliers, and witness sampling — with complete visa and local logistics support.
- **Transparent Pricing:** Clear separation of mineral price from service fees. Zero hidden commissions.

5. Our Commitment

“Before you trust us with a large order, trust us with a small one. Let our quality and reliability speak for themselves.”

We are your long-term strategic partner for sustainable and ethical mineral supply from Africa. Contact us to discuss a trial order or to request our detailed Corporate Profile.
